✓ INCLUDED   ○ NOT INCLUDED   ⊕ ADD-ON FEATURE   ▤ REPORT ONLY

1 Only available for Chrome browser, on Windows and Chromebook devices.

2 North American, UK and Australian Education Customers only. Terms and Conditions apply. See **FAQ** for more details.

3 API support for a particular product feature or function is aligned with the availability of that feature for a given base or add-on product. Devices that are not licensed for a given feature will not have access to APIs for it.

4 Accelerated Device Actions is available with Absolute Resilience. Supported actions include Device Freeze, Device Wipe, File Delete, End User Messaging, Absolute Reach scripts and Endpoint Data Discovery. These actions are available with Absolute Visibility and Absolute Control as well, but not in an accelerated manner.

/ABSOLUTE®

Absolute Software makes security **work**. We empower mission-critical performance with advanced cyber resilience. Embedded in more than 600 million devices, our cyber resilience platform delivers endpoint-to-network access security coverage, ensures automated security compliance, and enables operational continuity. Nearly 21,000 global customers trust Absolute to protect enterprise assets, fortify security and business applications, and provide a frictionless, always-on user experience.
